

## Activating your Vendor Account

### 1. Activate your account

Once Vintage Marché has created your account you will receive an e-mail notification. Click the Request Password button to proceed to the Password Reset page.

*Didn't get an email? Visit the [vintagemarche727.com](http://vintagemarche727.com) website and click the Login link in the upper right corner, then click Forgot Password to manually reset it.*

### 2. Request a Password Reset

On the Password Reset page, type the same e-mail address that you received your notification at into the email field. Then click Reset my password.

### 3. Reset your Password

You should shortly receive an e-mail with a reset password link. Click the Reset your password button to open the New Password page.

### 4. Choose a Password

Choose a password that is secure, with a combination of upper and lowercase letters, numbers and punctuation. Avoid things that can be easily guessed, such as important dates, pets, children, favorite movies or anything else that could be gleaned from your Facebook page. Enter it a second time to confirm. Write your password in a safe place for future reference.

### 5. Log In to the Site

Visit <https://vintagemarche727.com> and click on the Login link in the upper right corner. Use your Vendor ID Code and new password to login. Once you are logged in you will see a special Vendor Menu at the top of the screen. Here you will be able to access vendor only options like editing your public profile and creating listings for the online Vintage Marché store.

Run into problems? Have questions? Contact Margi Nanney or email [info@stonehousegraphics.com](mailto:info@stonehousegraphics.com) for Technical Support.
